MEMORANDUM FOR: Assistant Deputy Director for Support
SUBJECT : Alcohol Program Year-End Report

Attached are reports from the Offices of Personnel and Medical Services as to experiences to date with the Alcohol Program. In summary, this past year has seen the establishment of a formal Agency program defined by regulation and providing guidelines for dealing with a difficult and sometimes very confusing problem. Additional experience to be developed on a case-by-case basis will permit the Agency to hone its program into an increasingly effective one, in areas of better rehabilitation and of removing from active duty those for whom rehabilitation has not been effective, hopefully with "the wisdom to know the difference".
